📌 Career Objective

To obtain a challenging position as a Frontend Developer where I can apply my technical skills, problem-solving abilities, and passion for web development to contribute to the growth of the organization.

📌 Education

B.E - Kings Engineering College (2020 - 2024)

CGPA: 7.5

📌 Technical Skills

📌 Languages: HTML, CSS, JavaScript, ReactJS, SQL, Java (Basics)

📌 Tools: VS Code, GitHub

📌 Projects

SmartOrder System

📌 Tech Used: SQL, Java

A simple backend-based project to manage food orders using Java and MySQL. The system allows storing and retrieving customer orders, including item name, quantity, and price. Java JDBC is used for database connectivity, and results are displayed via the terminal.

Daily Expense Management System

📌 Tech Used: HTML, CSS, JavaScript, React

A responsive expense tracking application that enables users to log daily transactions, categorize spending, and monitor financial activity in real-time through intuitive interfaces and insightful visualizations for better money management.

📌 Languages Known

Tamil, English, Malayalam

📌 Hobbies

Singing, Traveling
